CHASE THEM!

"A motivational talk that is a MUST for any business in the game of achieving targets!"

Mark Pilgrim is a multi-award winning radio and television personality. Over the past 20 years he has entertained millions of listeners and viewers, with numerous hit shows and accolades to his credit.

Mark is also a polished motivational speaker. His 45-minute talk entitled BEYOND THE BALDNESS is well suited to conferences and functions which are themed around wellness and reaching your goals, whether it be at work or in your personal life.

At the age of 18 Mark was diagnosed with stage 3 testicular cancer, which spread to his lungs and kidneys.

Mark's inspirational story is anecdotal and humorous and reveals how cancer persuaded him to give up his training as a chartered accountant and chase his dream of being on radio and television. His story is a personal and poignant account of his journey, motivating anyone listening to chase their dreams and achieve their goals at work and home.

As an ambassador for CANSA, and REACH FOR A DREAM, he also uses the public platform to educate both young and old on the importance early detection. As an ambassador for the Heart and Stroke Foundation, he also touches on his sudden heart attack in 2008 and the signs to look out for to prevent it happening to you.
